Auction Sales are strictly for cash. Parties unknown to me must send a deposit covering at least 25 per cent. of their bids, otherwise they will not be accepted.

ALL CATALOGUES ARE NOT ALIKE.

My ratings of the condition of Coins and Medals, and the statements made in my Catalogues as to their rarity, etc, are to be distinctly understood as based on my personal judgment, formed after an experience of twenty-seven years as a dealer.

Gradings of Coins or of lots, in other catalogues, should be credited to those who compile them, and their interpretations of this very important factor, should be valued according to whatever experience they may have had, the knowledge acquired, and their integrity of purpose.

The two preceding Catalogues—long out of print—are without a peer to-day. The highest tribute was paid to them, about three years ago, when, immune from molestation—and with absence of courtesy—they were reprinted page for page, tables, lists and chapters. Although published at 50c each, the two have records of sale by public auction, during the past seven years, from \$10. to \$14.50. No other dealer's Catalogue, American or Foreign, ever reached such high figures, not excepting the old, noted and much respected Paris firm, who published in five parts, 1862-64.
